LETTER OF INTENT

Dear Mr. President Oliver Grün,

Balkan and Black Sea ICT Clusters Network is an alliance of 20+ ICT clusters and their related companies whose mission is to strengthen collaboration between cluster initiatives in the ICT sector from the Balkan and Black Sea region and to act such as to increase the competitiveness of this sector on the global market by means of specific actions and projects.

By this letter, BBS ICT Clusters Network expresses its interest to affiliate to the European Digital SME Alliance (PIN-SME). We have initiated previous communications with Mr. Sebastiano Toffaletti concerning the mission of PIN-SME, steps for affiliation, as well as members' statute. Being confident with this framework, we would like now to further proceed for becoming member of European Digital SME Alliance.

Looking forward with confidence to Your reply,

On behalf of BBS ICT Clusters Network,

Prof. Stelian BRAD, PhD (Engg.), PhD (Econ.)
