REF: Termination of the consultancy agreement for the project “SABINA”

Dear Mr Boveda,

As regards our preceding letters of the 29th of May (REF: Warning for fulfilment of duties according to consultancy agreement “SABINA”) and the 7th of June (REF: Final warning for consultancy agreement “SABINA”), we have not received any written response from you.

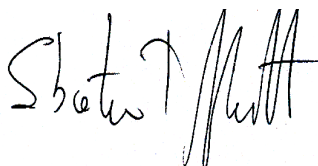

Following the warnings expressed in the above mentioned letters, hereby I conclude that you have failed to fulfil your duties indicated in the Consultancy Agreement. In particular, you did not demonstrate any progress on the services you have reported so far. As outlined in the previous letters, you, specifically, did not send us the requested draft deliverable D1.4.1. Moreover, you did not participate in the consortium conference calls (8 and 22 of May, 6 of June 2017) related to the standardisation activities.

In view of your continued failure to respect the terms and conditions of our Consultancy Agreement, hereby I inform you that DIGITAL SME terminates the Agreement immediately as stipulated in article 6.3.

It is our legal opinion that an immediate termination as per article 6.3 shall apply. In a *subordinated manner*, DIGITAL SME hereby terminates the Agreement as per article 6.2 and, thereby, the Agreement termination notice starts today and will be exhausted in 45 calendar days, i.e. on 4 August 2017.

Kind regards,

Sebastiano Toffaletti

Secretary General – European DIGITAL SME Alliance
