Dipartimento Politiche Ambientali,
Guido Pesaro, Responsabile CNA Comunicazione
Fabio Massimo

By email

Brussels, 14th of November, 2017

Dear President Almgren,

Hereby, on behalf of the European DIGITAL SME Alliance, I would like to propose the **candidature of Mr Fabio Massimo as SBS Board member** and offer **Fabio Massimo's availability to serve as SBS Vice President**.

Mr Massimo is an ICT entrepreneur and a well-estimated standardization expert, who has greatly contributed to create and currently chairs of the European technical committee CEN/PC428 on ICT professions. Moreover, he is an active member of the Italian SME association CNA. The latter has expressed full support for his candidature.

Therefore, I believe that Fabio Massimo would be a valuable member of the SBS Board and Vice President.

Please find enclosed a CV and motivation letter of the candidate, together with an expression of support from CNA.

Yours sincerely

Oliver Grün
President

Dear M. Grün,

as you know at the end of November SBS Board of Directors will be renewed and applications should be sent within November 15th.

We would like to underline how important is for us the participation to SBS in order to contribute to the further involvement of SMEs in standardization activities.

The work carried out in these years by Fabio Massimo is been of great importance not only for the ICT sector but also for his experience in standardization activities at National and European level and for the relationships towards European institutions.

Therefore we would like to ask you that European Digital SME Alliance could support the candidature of Fabio Massimo to SBS Board of Directors giving availability for the role of Vice President, in line with the procedure and the criteria foreseen in the call for applications.

Sure you will evaluate positively our request and looking forward to hearing from you soon.

We send our best regards.

Renewal of SBS' Board Motivation Letter

Dear SBS President,

Hereby, I would like to explain my candidature as SBS Board member.

The most distinctive feature of the European standardisation system in the global arena is its inclusiveness. The strength of a standard depends on the strength of the consensus that was reached when developing it and the standardisation process should remain as open and democratic as possible in order to facilitate the access to all interested stakeholders and keep attracting many users and SMEs.

SMEs are the backbone of European economy and I want to contribute to involve SMEs in standardisation process strengthen the position and the success of SBS in Europe.

SBS members and Board should keep working together to inform SMEs about standardisation and generate awareness about the opportunities of taking part in the drafting of standards.

I have been working for many years in the standardisation arena , I would like to make my experience available to SBS and I am strongly committed to continue to work within the Board and with all other SBS members to make sure that SBS remains the point of reference for European Commission and European stakeholders, while ensuring that it keeps meeting the expectations and needs of all SMEs Associations .

Yours sincerely,

Fabio Massimo
